Sommario/riassunto	Clinical Lectures on Klein and Bion outlines the basic ideas in their thinking and shows in detail how these ideas can be used to tackle a clinical problem. The contributors correct some common misconceptions about Kleinian analysis, while demonstrating the continuity of their everyday work with seminal ideas of Klein and Bion. Originally given as a series of lectures intended to acquaint the general public with recent developments in psychoanalytic thinking and

practice, the papers in this book cover the most fundamental ideas put forward by Klein and Bion; child analysis, K
