Pubbl/distr/stampa	Louvain : [s.n.], 1980
Descrizione fisica	63 p. ; 25 cm
Collana	Publications de l'Institut d'etudes medievales. Universite catholique de Louvain
Disciplina	945.03
Locazione	SDI
Collocazione	SDI-D 53bis
Lingua di pubblicazione	Francese
Formato	Materiale a stampa
Livello bibliografico	Monografia

2. Record Nr. UNINA9910453818103321

Titolo	On-farm strategies to control foodborne pathogens [[electronic resource] /] / Todd R. Callaway and Tom S. Edrington, editors
Pubbl/distr/stampa	Hauppauge, N.Y., : Nova Science Publishers, Inc., c2012
ISBN	1-62100-480-5
Descrizione fisica	1 online resource (303 p.)
Collana	Advances in food safety and food microbiology
Altri autori (Persone)	CallawayTodd Riley <1971-> EdringtonTom S
Disciplina	615.9/54
Soggetti	Foodborne diseases Agriculture Domestic animals - Microbiology Food - Microbiology Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Pre-harvest food safety : the past and the future / Mary E. Torrence -- Ethics and preharvest safety / Bernie Rollin -- Interventions to improve the safety of milk production / Steve P. Oliver, Sheldon E. Murinda -- Bacteriohage as a preharvest pathogen reduction strategy / Kim Stanford, Dongyan Niu, and Tim McAllister -- Probiotics in food production / Steve Ricke and Phil Crandall -- Vaccination as a method of E. coli O157:H7 reduction in feedlot cattle / David R. Smith and Amanda R. Vogstad -- Vaccination as a method of reducing foodborne pathogens in swine / Filip Boyen, Frank Pasmans, and Freddy Haesebrouck -- Phytochemicals as a preharvest pathogen reduction strategy / Jeff A. Carroll ... [et al.] -- Organic acids and their role in reduce foodborne pathogens in food animals / Ester Grilli and Andrea Piva -- Stress effects on pathogen colonization of farm animals / Marcos H. Rostagno -- The role of the lesser mealworms in dissemination of pathogens and antimicrobial resistance on poultry farms / Tawni L. Crippen and Toni L. Poole.
