Case studies: institutional approaches to contemporary art 8. Interpretive futuresNotes; References; Index
Sommario/riassunto	In this pioneering book, Christopher Whitehead provides an overview and critique of art interpretation practices in museums and galleries. Covering the philosophy and sociology of art, traditions in art history and art display, the psychology of the aesthetic experience and ideas about learning and communication, Whitehead advances major theoretical frameworks for understanding interpretation from curators'

and visitors' perspectives. Although not a manual, the book is deeply practical. It presents extensively researched European and North American case studies involving interviews with pro
