Titolo	Knaves and fooles in folio [[electronic resource] ] : Discovered, and then advised, that once at the last they will grow both wise and honest. Or, a meanes to undeceive, and so to beget a right understanding and judgement throughout the three kingdomes, hitherto deluded by the aforesaid. Dedicated with all respectivenesse both for discovery and caution against the aforesaid, to all the wise and honest of the three nations, whom wee highly prize and honour, especially the Honourable Citie of London, whose goodnesse, piety, easie betrust, and credulity of such unworthies, hath been too much wrought upon and abused by depraved polititians of all sorts. In which tract is shewed the wickednesse of the one side in their severall pretences, and the weaknesse on the other side, in being through too much credulity surprized and circumvented by such pretenders, who intend not what they pretend; but bave [sic] their own self-ends to compasse under such pretexts. -Conceived very usefull to be taken knowledge of, by all sorts whatsoever. For that wee hope the reader will finde himselfe fully satisfied thereby, which may probably much check, if not totally break the neck of this uncivill Civill Warre.
