

1. Record Nr.	UNIBAS000043046
Autore	Lombardia <Regione>
Titolo	Le leggi agrarie della Regione Lombardia / Arnaldo Gualazzi, Gilberto Cormegna ; collaboratori per le ricerche: Matilde Ferretto, Pier Giuseppe Caligari
Pubbl/distr/stampa	Milano : Banca agricola milanese, 1978
Descrizione fisica	263 p. ; 17 cm.
Disciplina	343.0762648 630
Soggetti	Agricoltura - Legislazione Diritto agrario - Giurisprudenza - Regione Lombardia
Lingua di pubblicazione	Italiano
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Ed. fuori commercio

2. Record Nr.	UNINA9910461333203321
Autore	Jones Larry Paul <1952->
Titolo	The symbol of water in the Gospel of John // Larry Paul Jones
Pubbl/distr/stampa	Sheffield, England : , : Sheffield Academic Press, , [1997] ©1997
ISBN	1-283-19252-7 9786613192523 0-567-10865-1
Descrizione fisica	1 online resource (273 p.)
Collana	Journal for the study of the New Testament. Supplement series ; ; 145
Disciplina	226.5/064
Soggetti	Water in the Bible Symbolism in the Bible Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Originally presented as the author's thesis (doctoral)--Vanderbilt University, 1995.
Nota di bibliografia	Includes bibliographical references (pages [243]-255) and indexes.
Nota di contenuto	CONTENTS; Acknowledgments; Abbreviations; Chapter 1; INTRODUCTION; Chapter 2; WATER AND THE BEGINNING OF THE MINISTRY OF JESUS; Chapter 3; LIVING WATER AND TROUBLED WATERS; Chapter 4; LIVING WATER AND DIVIDED PEOPLE; Chapter 5; WATER AND THE HOUR; Chapter 6; CONCLUSION; Bibliography; Index of References; Index of Authors
Sommario/riassunto	This study explores the meaning and function of water as a literary symbol in the Gospel of John. Jones first gives an account of symbol: it points beyond itself, it defies clear and definitive perceptual expression, and it in some way embodies that which it represents. Then he examines the narrative sections of John that involve water, plotting the expanding meaning and function of the symbol as the narrative unfolds. The study concludes that water serves primarily as a symbol of the Spirit and therein symbolizes Jesus. The symbol of water calls a wide variety of readers to a decision and fun

3. Record Nr.	UNINA9910462706403321
Autore	Graef John R. <1942->
Titolo	Impulsive differential inclusions : a fixed point approach / / by John R. Graef, Johnny Henderson, Abdelghani Ouahab
Pubbl/distr/stampa	Berlin ; ; Boston : , : Walter de Gruyter GmbH & Co., KG, , [2013] ©2013
ISBN	3-11-029531-8
Descrizione fisica	1 online resource (412 p.)
Collana	De Gruyter Series in Nonlinear Analysis and Applications ; ; 20
Altri autori (Persone)	HendersonJohnny OuahabAbdelghani
Disciplina	515/.352
Soggetti	Boundary value problems Differential equations Prediction theory Stochastic processes Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di contenuto	Front matter -- Contents -- Notations -- Chapter 1. Introduction and Motivations -- Chapter 2. Preliminaries -- Chapter 3. FDEs with Infinite Delay -- Chapter 4. Boundary Value Problems on Infinite Intervals -- Chapter 5. Differential Inclusions -- Chapter 6. Differential Inclusions with Infinite Delay -- Chapter 7. Impulsive FDEs with Variable Times -- Chapter 8. Neutral Differential Inclusions -- Chapter 9. Topology and Geometry of Solution Sets -- Chapter 10. Impulsive Semilinear Differential Inclusions -- Chapter 11. Selected Topics -- Appendix -- Bibliography -- Index
Sommario/riassunto	Differential equations with impulses arise as models of many evolving processes that are subject to abrupt changes, such as shocks, harvesting, and natural disasters. These phenomena involve short-term perturbations from continuous and smooth dynamics, whose duration is negligible in comparison with the duration of an entire evolution. In models involving such perturbations, it is natural to assume these perturbations act instantaneously or in the form of impulses. As a consequence, impulsive differential equations have been developed in

modeling impulsive problems in physics, population dynamics, ecology, biotechnology, industrial robotics, pharmacokinetics, optimal control, and so forth. There are also many different studies in biology and medicine for which impulsive differential equations provide good models. During the last 10 years, the authors have been responsible for extensive contributions to the literature on impulsive differential inclusions via fixed point methods. This book is motivated by that research as the authors endeavor to bring under one cover much of those results along with results by other researchers either affecting or affected by the authors' work. The questions of existence and stability of solutions for different classes of initial value problems for impulsive differential equations and inclusions with fixed and variable moments are considered in detail. Attention is also given to boundary value problems. In addition, since differential equations can be viewed as special cases of differential inclusions, significant attention is also given to relative questions concerning differential equations. This monograph addresses a variety of side issues that arise from its simpler beginnings as well.

4. Record Nr.	UNISA996200937903316
Titolo	Genetische Individualität im Recht // Gunnar Duttge, Wolfgang Engel, Barbara Zoll (Hg.)
Pubbl/distr/stampa	Universitätsverlag Göttingen, 2012 Göttingen : , : Universitätsverlag Göttingen, , [2012] ©2012

Descrizione fisica	1 online resource (vi, 168 pages) : illustrations
Collana	Open Access e-Books Knowledge Unlatched Göttinger Schriften zum Medizinrecht ; ; Band 13
Disciplina	344.04196
Soggetti	Genetics - Law and legislation Human genetics - Law and legislation Genomes - Law and legislation
Lingua di pubblicazione	Tedesco
Formato	Materiale a stampa
Livello bibliografico	Monografia

Nota di bibliografia	Includes bibliographical references.
Sommario/riassunto	The deciphering of the genome and, last but not least, the development of modern sequencing methods make many people fear that their "individuality" could be lost as a result. What this means exactly, what the individual's self-image is based on and to what extent the concern is justified is examined in this volume in the interdisciplinary discourse between human genetics and law. The contributions result from an interdisciplinary workshop of the Göttingen Institute for Human Genetics in cooperation with the Center for Medical Law in January 2012. Additional contributions from both a human genetic and a legal perspective broaden the factual basis and provide a deeper insight into the current state of affairs.
