Diplomacy and archaeology : past, present and future / Tomas R. Pickering -- Appendix C. Footsteps in the dust : a century of ASOR discoveries in the ancient Near East / Joe D. Seger.

Sommario/riassunto

Twenty-four essays by leading scholars review the results of a century of North American archaeological research in the Middle East conducted under the auspices of the American Schools of Oriental Research. The contributors consider each of the major historical archeological periods in the Ancient Near East and discuss cultural issues such as technology, religion, and economic and political realities.
