the "Other"; 13. "Why Injun Artist Me"; 14. Asserting a Global Indigenous Identity; 15. From Tribal to Indian; Contributors; Notes; Index; About the Editors; Series List

Sommario/riassunto

"The arrival of European settlers in the Americas disrupted indigenous lifeways, and the effects of colonialism shattered Native communities. Forced migration and human trafficking created a diaspora of cultures, languages, and people. Gregory D. Smithers and Brooke N. Newman have gathered the work of leading scholars, including Bill Anthes, Duane Champagne, Daniel Cobb, Donald Fixico, and Joy Porter, among others, in examining an expansive range of Native peoples and the extent of their influences through reaggregation. These diverse and wide-ranging essays uncover indigenous understandings of self-identification, community, and culture through the speeches, cultural products, intimate relations, and political and legal practices of Native peoples. *Native Diasporas* explores how indigenous peoples forged a sense of identity and community amid the changes wrought by European colonialism in the Caribbean, the Pacific Islands, and the mainland Americas from the seventeenth through the twentieth century. Broad in scope and groundbreaking in the topics it explores, this volume presents fresh insights from scholars devoted to understanding Native American identity in meaningful and methodologically innovative ways"--

Sommario/riassunto	'Globalization' and 'the Nation' provide significant contexts for examining past educational thinking and practice and to identify how education has been influenced today. This book, written collaboratively, explores country case studies - Australia, Brazil, Canada, China, the UK and USA as well as discussing the transnational European Union.
