1.	Record Nr.	UNICAMPANIASUN0024213
	Titolo	Algebraic groups and their generalizations : summer research Institute on algebraic groups and their generalizations, July 6-26, 1991, Pennsylvania state university, University Park, Pennsylvania / William J. Haboush, Brian J. Parshall editors
	Pubbl/distr/stampa	Providence, : American Mathematical Society, 1994
	Descrizione fisica	2 v. ; 26 cm.
	Soggetti	16Txx - Hopf algebras, quantum groups and related topics [MSC 2020]
		20G05 - Representation theory for linear algebraic groups [MSC 2020]
		17B67 - Kac-Moody (super)algebras; extended affine Lie algebras; toroidal Lie algebras [MSC 2020]
		14L30 - Group actions on varieties or schemes (quotients) [MSC 2020]
		17B37 - Quantum groups (quantized enveloping algebras) and related deformations [MSC 2020]
		14M15 - Grassmannians, Schubert varieties, flag manifolds [MSC 2020]
		17B68 - Virasoro and related algebras [MSC 2020]
		14L17 - Affine algebraic groups, hyperalgebra constructions [MSC 2020]
		55N33 - Intersection homology and cohomology in algebraic topology [MSC 2020]
