Longitudinal datasets available in Europe, Russia and North America  
Bibliography; Index

Sommario/riassunto

One of the major changes in the social science research landscape in recent years has been the introduction of computerised panel surveys in Europe and the US which make longitudinal data widely available to graduate students for the first time. Elisabetta Ruspini here provides a concise yet comprehensive introduction to the issues involved in this kind of research. This book:  
\* Defines the concept of longitudinal research  
\* Gives guidance on sources of longitudinal data in Europe and the US and their strengths and weaknesses  
\* Discusses the choices that need to be made in this kind
