Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Front matter -- Acknowledgements -- Table of contents -- List of illustrations -- List of tables -- Introduction -- Chapter 1. Internet worlds, languages, users -- Chapter 2. Blogging worlds -- Chapter 3. Language and Computer-Mediated Communication -- Chapter 4. Bloggers as ELF users -- Chapter 5. Using ELF in wider networking: exploiting linguistic resources -- Chapter 6. Exploiting and integrating plurilingual resources -- Chapter 7. Learning, using and appropriating the language -- Conclusions -- Appendix A - Questionnaire -- References -- Index
Sommario/riassunto	In a constantly interconnected world communication takes place beyond territorial boundaries, in networks where English works as a lingua franca. The volume explores how ELF is employed in internationally-oriented personal blogs; findings show how bloggers deploy an array of resources to their expressive and interactional aims, combining global and local communicative practices. Implications of findings in ELF and ELT terms are also discussed.
