Impact on Democratic Practices; Chapter 9. Conclusion and Policy Implications; References; Index; About the Author
Sommario/riassunto	The military has long been associated with hard power, yet it is engaged in public diplomacy as it represents the U.S. abroad and facilitates the diffusion of ideas. Military Soft Power examines one such aspect of U.S. public diplomacy: how the United States extends its influence or "soft power" worldwide through military educational exchange programs hosted by the United States' elite military schools, its war and staff colleges. The presence of international officers at U.S. military schools is substantial, yet very little is

Sommario/riassunto	In this important and original interdisciplinary work, well-known environmental philosopher Eric Katz explores technology's role in dominating, and thus destroying, both nature and human life and society. Katz's work is a plea for the development of a technology that does not dominate and destroy but instead promotes autonomy and freedom.
