   Descrizione fisica Pubblicazione in formato elettronico

   Soggetti   60Jxx - Markov processes [MSC 2020]
                      28A80 - Fractals [MSC 2020]
                      28A78 - Hausdorff and packing measures [MSC 2020]
                      37-XX - Dynamical systems and ergodic theory [MSC 2020]
                      60-XX - Probability theory and stochastic processes [MSC 2020]
                      60Dxx - Geometric probability and stochastic geometry [MSC 2020]
                      37Axx - Ergodic theory [MSC 2020]
                      28A75 - Length, area, volume, other geometric measure theory [MSC
                      2020]
                      37Cxx - Smooth dynamical systems: general theory [MSC 2020]
                      60Fxx - Limit theorems in probability theory [MSC 2020]
