

1. Record Nr.	UNICAMPANIASUN0113954
Titolo	Set optimization and applications - the state of the art : from set relations to set-valued risk measures / Andreas H. Hamel ... [et al.] editors
Pubbl/distr/stampa	XII, 331 p., : ill. ; 24 cm
Edizione	[Berlin]
Descrizione fisica	Pubblicazione in formato elettronico
Soggetti	49-XX - Calculus of variations and optimal control; optimization [MSC 2020] 06-XX - Order, lattices, ordered algebraic structures [MSC 2020] 91Gxx - Actuarial science and mathematical finance [MSC 2020] 49J53 - Set-valued and variational analysis [MSC 2020] 49N15 - Duality theory (optimization) [MSC 2020] 90-XX - Operations research, mathematical programming [MSC 2020] 49M29 - Numerical methods involving duality [MSC 2020]
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
