   Autore   Huybrechts, Daniel

   Titolo   Complex geometry : an introduction / Daniel Huybrechts

   Pubbl/distr/stampa   Berlin, : Springer, 2005

   ISBN   35-402-1290-6

   Descrizione fisica   XII, 309 p. ; 24 cm

   Soggetti   14J32 - Calabi-Yau manifolds (algebro-geometric aspects) [MSC 2020]
                            14J60 - Vector bundles on surfaces and higher-dimensional varieties,
                            and their moduli [MSC 2020]
                            14J81 - Relationships with physics [MSC 2020]
                            32Q15 - Kähler manifolds [MSC 2020]
                            32Q20 - Kähler-Einstein manifolds [MSC 2020]
                            32Q25 - Calabi-Yau theory (complex-analytic aspects) [MSC 2020]
