|-------------------------|--|
| 1. Record Nr.           | UNICAMPANIAVAN00102908   |
| Titolo                  | k-Schur functions and affine Schubert calculus / Thomas Lam ... [et al.]   |
| Pubbl/distr/stampa      | New York, : Springer ; Fields Institute for Research in the Mathematical Sciences, 2014  |
| Titolo uniforme         | k-Schur functions and affine Schubert calculus   |
| Descrizione fisica      | VIII, 219 p. : ill. ; 24 cm  |
| Soggetti                | 05E05 - Symmetric functions and generalizations [MSC 2020]<br>05E10 - Combinatorial aspects of representation theory [MSC 2020]<br>14N15 - Classical problems, Schubert calculus [MSC 2020]<br>14N35 - Gromov-Witten invariants, quantum cohomology, Gopakumar-Vafa invariants, Donaldson-Thomas invariants (algebro-geometric aspects) [MSC 2020]<br>14Rxx - Affine geometry [MSC 2020] |
| Lingua di pubblicazione | Inglese  |
| Formato                 | Materiale a stampa   |
| Livello bibliografico   | Monografia   |
