

1. Record Nr.	UNICAMPANIAVAN00254054
Autore	Piguet, Olivier
Titolo	Renormalized Supersymmetry : The Perturbation Theory of N=1 Supersymmetric Theories in Flat Space-Time / Olivier Piguet, Klaus Sibold
Pubbl/distr/stampa	Boston, : Birkhäuser, 1986
Descrizione fisica	xvi, 348 p. ; 24 cm
Altri autori (Persone)	Sibold, Klaus
Soggetti	53C80 - Applications of global differential geometry to the sciences [MSC 2020] 81-XX - Quantum theory [MSC 2020] 81T17 - Renormalization group methods applied to problems in quantum field theory [MSC 2020] 81T60 - Supersymmetric field theories in quantum mechanics [MSC 2020]
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
