

1. Record Nr.	UNICAMPANIAVAN00260958
Autore	Feinsilver, Philip J.
Titolo	Special Functions, Probability Semigroups, and Hamiltonian Flows / Philip J. Feinsilver
Pubbl/distr/stampa	Berlin, : Springer, 1978
Descrizione fisica	viii, 116 p. ; 24 cm
Soggetti	33-XX - Special functions [MSC 2020] 33C05 - Classical hypergeometric functions, ${}_2F_1$ [MSC 2020] 33C45 - Orthogonal polynomials and functions of hypergeometric type (Jacobi, Laguerre, Hermite, Askey scheme, etc.) [MSC 2020] 44A45 - Classical operational calculus [MSC 2020] 47D03 - Groups and semigroups of linear operators [MSC 2020] 60H05 - Stochastic integrals [MSC 2020] 60J35 - Transition functions, generators and resolvents [MSC 2020] 81R10 - Infinite-dimensional groups and algebras motivated by physics, including Virasoro, Kac-Moody, W -algebras and other current algebras and their representations [MSC 2020]
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
