Sommario/riassunto	<p>Founded in 1954, the International Journal of Disability, Development and Education (IJDDE) is a multi-disciplinary peer-reviewed journal with an international focus. It provides a single source of information on the education and development of persons with disabilities. IJDDE aims to publish the very best research and review articles concerned with all aspects of education, human development, special education and rehabilitation.</p> <p>The content of IJDDE reflects a variety of topics, disciplines, research methods and cultural perspectives. Various orientations are represented, including education and special education, psychology, allied health, social work and psychiatry. Contributions from developed and developing countries ensure a truly international perspective.</p>
