Sommario/riassunto	Started in 1956 and currently published by Editions de l'EHESS, Archives de Sciences Sociales des Religions has a tri-part objective: to promote a comparative perspective, broadened by all religions, both living and dead; to encourage collaboration between all social sciences in order to shed light on the many facets of the phenomenon of religion; and to welcome the exposition of theoretical developments in research. The journal is bilingual (French and English) and occasionally trilingual (Spanish). It publishes two thematic issues and two bibliographic issues per year.
