

1. Record Nr.	UNICAMPANIAVAN00268599
Autore	Glashoff, Klaus
Titolo	Linear Optimization and Approximation : An Introduction to the Theoretical Analysis and Numerical Treatment of Semi-infinite Programs / Klaus Glashoff, Sven-Åke Gustafson
Pubbl/distr/stampa	New York, : Springer-Verlag, 1983
Titolo uniforme	Einführung in die lineare Optimierung
Descrizione fisica	ix, 197 p. : ill. ; 24 cm
Altri autori (Persone)	Gustafson, Sven-Åke
Soggetti	41A50 - Best approximation, Chebyshev systems [MSC 2020] 46A20 - Duality theory for topological vector spaces [MSC 2020] 49-XX - Calculus of variations and optimal control; optimization [MSC 2020] 49N15 - Duality theory (optimization) [MSC 2020] 65D32 - Numerical quadrature and cubature formulas [MSC 2020] 90-XX - Operations research, mathematical programming [MSC 2020] 90C05 - Linear programming [MSC 2020] 90C34 - Semi-infinite programming [MSC 2020]
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
