1. Record Nr.   UNICAMPANIAVAN00290358

   Autore   Dong, Chongying

   Titolo   Generalized Vertex Algebras and Relative Vertex Operators / Chongying
                        Dong, James Lepowsky

   Pubbl/distr/stampa   New York, : Springer ; Boston, : Birkhäuser, 1993

   Descrizione fisica   ix, 202 p. ; 24 cm

   Altri autori (Persone)   Lepowsky, James

   Soggetti   17-XX - Nonassociative rings and algebras [MSC 2020]
                        17B10 - Representations of Lie algebras and Lie superalgebras,
                        algebraic theory (weights) [MSC 2020]
                        17B67 - Kac-Moody (super)algebras; extended affine Lie algebras;
                        toroidal Lie algebras [MSC 2020]
                        17B68 - Virasoro and related algebras [MSC 2020]
                        17B69 - Vertex operators; vertex operator algebras and related
                        structures [MSC 2020]

   Lingua di pubblicazione   Inglese

   Formato   Materiale a stampa

   Livello bibliografico   Monografia
