

1. Record Nr.	UNICAMPANIAVAN00296013
Autore	Jahn, Johannes
Titolo	Introduction to the Theory of Nonlinear Optimization / Johannes Jahn
Pubbl/distr/stampa	Berlin ; Heidelberg, : Springer-Verlag, 1996
Edizione	[2. ed]
Descrizione fisica	viii, 257 p. : ill. ; 24 cm
Soggetti	49-XX - Calculus of variations and optimal control; optimization [MSC 2020] 49J50 - Fréchet and Gateaux differentiability in optimization [MSC 2020] 49J52 - Nonsmooth analysis [MSC 2020] 49M37 - Numerical methods based on nonlinear programming [MSC 2020] 49N10 - Linear-quadratic optimal control problems [MSC 2020] 49N15 - Duality theory (optimization) [MSC 2020] 90-XX - Operations research, mathematical programming [MSC 2020] 90C05 - Linear programming [MSC 2020] 90C20 - Quadratic programming [MSC 2020] 90C25 - Convex programming [MSC 2020] 90C26 - Nonconvex programming, global optimization [MSC 2020] 90C30 - Nonlinear programming [MSC 2020]
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
