1.	Record Nr.	UNICAMPANIAVAN0102684
	Autore	Komarova, Natalia L.
	Titolo	Targeted cancer treatment in silico : small molecule inhibitors and oncolytic viruses / Natalia L. Komarova, Dominik Wodarz
	Pubbl/distr/stampa	New York, : Birkhäuser ; Springer, 2014
	Titolo uniforme	Targeted cancer treatment in silico
	Descrizione fisica	XV, 227 p. : ill. ; 24 cm
	Altri autori (Persone)	Wodarz, Dominik
	Soggetti	60J27 - Continuous-time Markov processes on discrete state spaces [MSC 2020] 37Mxx - Approximation methods and numerical treatment of dynamical systems [MSC 2020] 92D25 - Population dynamics (general) [MSC 2020] 34D20 - Stability of solutions to ordinary differential equation [MSC 2020] 92D15 - Problems related to evolution [MSC 2020] 37C75 - Stability theory for smooth dynamical systems [MSC 2020] 65Pxx - Numerical problems in dynamical systems [MSC 2020] 60J85 - Applications of branching processes [MSC 2020]
	Lingua di pubblicazione	Inglese
	Formato	Materiale a stampa
	Livello bibliografico	Monografia
