Sommario/riassunto	<p>Our goal with this 13th Edition is to keep this first mainline organizational behavior text up-to-date with the latest and relevant theory building, basic and applied research, and the best-practice applications. We give special recognition of this scientific foundation by our subtitle - An Evidence-Based Approach. As emphasized in the introductory chapter, the time has come to help narrow the theory/research—effective application/practice gap. This has been the mission from the beginning of this text. As “hard evidence” for this theory/research based text, we can say unequivocally that no other organizational behavior text has close to the number of footnote references. For example, whereas a few texts may have up to 40 or even 50 references for a few chapters, all the chapters of this text average more than twice that amount. continued...</p>
