   Titolo uniforme   Theory and Application of Uniform Experimental Designs

   Descrizione fisica xvi, 300 p. : ill. ; 24 cm

   Soggetti   90C90 - Applications of mathematical programming [MSC 2020]
                      62-XX - Statistics [MSC 2020]
                      62K10 - Statistical block designs [MSC 2020]
                      65Cxx - Probabilistic methods, stochastic differential equations [MSC 2020]
                      62H30 - Classification and discrimination; cluster analysis (statistical aspects) [MSC 2020]
                      62G35 - Nonparametric robustness [MSC 2020]
                      62K15 - Factorial statistical designs [MSC 2020]
