Sommario/riassunto	American Psychologist® , established in 1946, is the flagship peer-reviewed scholarly journal of the American Psychological Association. As such, American Psychologist publishes current and timely high-impact papers of broad interest. These papers include empirical reports, meta-analyses, and other types of scholarly reviews. Topics cover psychological science, practice, education, and policy. Contributions often address issues of national and international significance, both with regard to the profession of psychology and its relationship to society at large. Published articles are written in a style that is accessible to all psychologists and the public.
