Sommario/riassunto	The Bulletin of the Menninger Clinic has a long and distinguished history, publishing seminal works in psychiatry and psychology since 1936, and continues its wide reach to psychologists, psychiatrists, therapists, nurses, and those in graduate training. The Bulletin's primary focus is psychopathology research that is broad based. In particular, the Bulletin will publish manuscripts of sound methodology and clinical significance over a range of topics pertaining to psychopathology, assessment, and intervention without adherence
