Sommario/riassunto

In this issue of the Journal we present a themed issue on valuation in tandem with the World Valuation Congress. The World Valuation Congress conducted its 10th, biennial Congress (WVC X) at the University of Cambridge, between 21-24 July, 2003. The Congress theme was "Is there a future for the valuation profession?" It attracted delegates from 26 countries despite the complications of SARs, war and terrorism.
