| Sommario/riassunto | 'The Malice was entertaining and riveting, with almost never a dull moment. ... Do yourself a favour, buy this book. And the first one, too, if you don't already own it. You will regret nothing.' - Geeks of Doom
In the south, the Breach stirs. Gamma's sword, the Malice, wakes, calling to be taken to battle once more. But the Vagrant has found a home now, |

made a life and so he turns his back, ignoring its call. The sword cries out, frustrated, until another answers. Her name is Vesper.
