This directory provides an extensive listing of household information collected for over 2,265 famous or notorious individuals who were alive during the 1930 United States Census. Figures from the entertainment industry constitute the bulk of the material, but the work also includes census data for hundreds of scientists, athletes, politicians, criminals, cult figures, and religious leaders. Entries includes the household members' birth and/or professional names, occupations, residential address, and an estimate of the homes' value or monthly rental fee.
