This book is based on Dr. Schleifer's 45 years experience, a combination of practical, hands-on work as a contractor and his work assisting financially distressed companies. This has given Dr. Schleifer a unique perspective on the causes of business failure and how to avoid them. His no-nonsense philosophy is: "We cannot control the market, but we can control our response to it." Part one of each chapter focuses

on potential causes of contractor failure and how to avoid them.
Schleifer's methods are largely based on data from his 8 years as a
surety consultant in
