| Nota di contenuto | CONTENTS; EDITORIAL ADVISORY BOARD; Is standard costing obsolete?
Empirical evidence from Malaysia; An empirical investigation of the |

importance of cost-plus pricing; Scorecard for academic administration performance on the campus; The application of the interperiod tax allocation method in the Spanish firms; Budget practices case studies; The use of performance measures as an integral part of an entity's strategic plan; A forensic examination of the causal mechanisms of rework in a structural steel supply chain; Econometric analysis of marketing potential of OIC countries; Book reviews
Corrigendum

Sommario/riassunto

Standard costing, according to various authors, is inconsistent with today's manufacturing environment (e.g. Monden and Lee, 1993; Ferrara, 1995; Drury, 1999). Instead, to meet the intensely, competitive, global business environment, companies should use tools or strategies such as JIT, ABC, TQM, process reengineering, life cycle assessment and target costing.
