Meerwarth -- Located mobility : living and working in multiple places / Amy Goldmacher -- Interruptions and intertasking in distributed knowledge work / Patricia G. Lange -- Conclusion : patterns of mobile work and life / Julia C. Gluesing, Tracy L. Meerwarth, and Brigitte Jordan -- Biosketches of authors.
Sommario/riassunto	With the ever-increasing functionalities of information and communication technologies, as well as the spatial and temporal transformations brought about by shifts in global work patterns, mobile work has become more important than ever to workers and employers. The objective of this volume is to illustrate through narratives the patterns of mobility that are altering the meaning of work and how work is positioned with respect to the rest of life. The contributors to this volume are anthropologists who not only study remote, nomadic, and mobile workers but who are also remote, nomadic, and mob
