Chapter 8: The politics of banality: the ob-scene as the mis-en-scene  
Conclusion; Notes; Bibliography; Index; Back cover

Sommario/riassunto

With the exception of occasional moral panics about the coarsening of public discourse, and the impact of advertising and television violence upon children, mass media tend to be viewed as a neutral or benign part of contemporary life. This book explores the relationship between the mass media and the dis-empowering nature of commodity culture.
