Values and Discourse in the Politics of Adjustment Vivien A. Schmidt; 5. Conclusions Fritz W. Scharpf and Vivien A. Schmidt; Statistical Appendix; References; Index
Sommario/riassunto	In this ground-breaking, two-volume study of the adjustment of advanced welfare states to international economic pressures, leading scholars detail the wide variety of responses in twelve countries. Rejecting any notion of convergence to some kind of neo-liberal orthodoxy, they find that most countries have remained true to the basic features of their postwar model as they have liberalized. Moreover, within different welfare-state constellations, while some countries are stillstruggling to adjust, others have reached a new sustainable equilibrium. Volume I presents comparative analyses of
