Sommario/riassunto	This volume continues the series of election data handbooks published by OUP. It presents the first ever compendium of electoral data for all 35 states in the Americas from their independence, or the introduction of universal male suffrage, to the present. Containing contributions from renowned scholars, Elections in the Americas is a highly authoritative resource for historical and cross-national comparisons of elections and electoral systems. - ;This two-volume work continues the series of election data handbooks published by OUP.
