| Note generali | "International Journal of Civil Engineering, The official publication of Iranian Society of Civil Engineering and Iran University of Science and Technology is devoted to original and interdisciplinary, peer-reviewed papers on theoretical and research related to the board spectrum of civil engineering with similar emphasis on all topics. The journal provides a forum for the International Civil Engineering Community to |

present and discuss matters of major interest, e.g. new developments in civil regulations. It is the incentive to keep the review period for scripts submitted to the journal to a minimum and to publish contribution in the board spectrum of IJCE include but are not necessarily restricted to : structures, geotechnics, transportation, environment, earthquakes, water resources, hydraulic and hydraulic structures, and construction management and material." From journal overview page.
