| Nota di contenuto | Special Session on Data-driven and Stochastic Approaches to Real-time, including Monitoring and Big Data -- Timed systems -- Linear and Non-linear Systems -- Timed Automata -- Special Session on Timed Systems and Probabilities. |
| Sommario/riassunto | This book constitutes the refereed proceedings of the 17th International Conference on Formal Modeling and Analysis of Timed Systems, FORMATS 2019, held in Amsterdam, The Netherlands, in August 2019. The 15 full papers and 2 short papers presented in this volume were carefully reviewed and selected from 42 submissions. The papers are organized in the following topical sections: special session on data-driven and stochastic approaches to real-time, including monitoring and Big Data; timed systems; linear and non-linear systems; timed automata; special session on timed systems and probabilities. |
