Sommario/riassunto

Florence Nightingale (1820-1910) is widely known as the heroine of
the Crimean War and the founder of the modern profession of nursing.
She was also a scholar and political activist who wrote and worked
assiduously on many reform causes for more than forty years. This
series will confirm Nightingale as an important and significant
nineteenth-century scholar and illustrate how she integrated her
scholarship with political activism. Indispensable to scholars, and
accessible and revealing to the general reader, it will show there is
much more to know about Florence Nightingale
