Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Front matter -- Contents -- Preface -- Part 1. Decentralized Legal Authoritarianism -- Part 2. Rustbelt Protests of Desperation -- Part 3. Sunbelt Protests against Discrimination -- Part 4. Conclusion -- Methodological Appendix: Fieldwork in Two Provinces -- Notes -- Bibliography -- Index
Sommario/riassunto	This study opens a critical perspective on the slow death of socialism and the rebirth of capitalism in the world's most dynamic and populous country. Based on remarkable fieldwork and extensive interviews in Chinese textile, apparel, machinery, and household appliance factories, <i>Against the Law</i> finds a rising tide of labor unrest mostly hidden from the world's attention. Providing a broad political and economic analysis of this labor struggle together with fine-grained ethnographic detail, the book portrays the Chinese working class as workers' stories unfold in bankrupt state factories and global sweatshops, in crowded dormitories and remote villages, at street protests as well as in quiet disenchantment with the corrupt officialdom and the fledgling legal system.
