Record Nr.	UNINA9910464103903321
Autore	Chen Rong <1955->
Titolo	English inversion : a ground-before-figure construction / / by Rong Chen
Pubbl/distr/stampa	Berlin ; ; New York : , : Mouton de Gruyter, , 2003
ISBN	3-11-089510-2
Edizione	[Reprint 2013]
Descrizione fisica	1 online resource (348 pages)
Collana	Cognitive Linguistics Research [CLR] ; ; 25
Disciplina	425
Soggetti	English language - Word order Grammar, Comparative and general - Word order Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references (pages [294]-319) and indexes.
Nota di contenuto	Front matter -- Acknowledgments -- Contents -- Chapter 1: Preliminaries -- Chapter 2: Inversion as GbF instantiation -- Chapter 3: Syntactic constraints -- Chapter 4: Inversion in discourse -- Chapter 5: Conclusion -- Notes -- References -- Sources of examples -- Subject index -- Author index -- Cognitive Linguistics Research

Sommario/riassunto	The book provides an account of English inversion, a construction that displays perplexing idiosyncrasies at the level of semantics, phonology, syntax, and pragmatics. Basing his central argument on the claim that inversion is a linguistic representation of a Ground-before-Figure model, the author develops an elegant solution to a hitherto unsolved multidimensional linguistic puzzle and, in the process, supports the theoretical position that a cognitive approach best suits the multidimensionality of language itself. Engagingly written, the book will appeal to linguists of all persuasions and to any reader curious about the relationship between language and cognition.
