Bernhardt -- Ruling from the Outside: A New Perspective on Early Turkish Kingship in Iran / David Durand-Guédy -- The Royal Image in Mongol Iran / Charles Melville -- Architecture and the Representations of Kingship during the Reign of the Safavid Shah Abbas I / Kishwar Rizvi -- Index.

| Sommario/riassunto | The role of kings, the source of their authority and the nature of the practical restraints on their power have exercised political and religious philosophers, historians, competing candidates for rule and subject populations from the time of the earliest documented human societies. How the kingly image is created and presented and how the ruler performs his or her function as the source of justice are among the topics addressed in this volume, which also covers the role of queens in maintaining dynastic succession yet being the target of tales of adultery. This volume is of particular interest in bringing together studies of kingly power from Cyrus the Great and Alexander in the ancient world to Shah Abbas in the seventeenth century, and covering the European Middle Ages as well as Iran and the Muslim world. |

Sommario/riassunto	"Are your employees qualified? Looking for qualified people to do competent work? How do you ensure that the people you hire can do the job right? An ever-increasing number of organizations are asking the same questions. Certification planning is the answer and Performance-Based Certification is the key. This is the only book on the market that addresses the growing need to monitor the qualifications of employees. You'll be able to quickly customize the certification tests and other job aids provided on the accompanying disk. Create a certification program within your organization to: Instill confidence that employees, members, or suppliers are qualified to meet the needs of your customers Ensure that your workforce is trained and competent to their job Make your hiring process more cost effective and legally defendable Recognize competence and consistency of your employees Once you've identified the need for a certification program, what's the next step? All of the answers are here!"--
