Sommario/riassunto

What is it like to become an adult in twenty-first-century America? This book takes us to four very different places-New York City, San Diego, rural Iowa, and Saint Paul, Minnesota-to explore the dramatic shifts in coming-of-age experiences across the country. Drawing from in-depth interviews with people in their twenties and early thirties, it probes experiences and decisions surrounding education, work, marriage, parenthood, and housing. The first study to systematically explore this phenomenon from a qualitative perspective, *Coming of Age in America* offers a clear view of how traditional patterns and expectations are changing, of the range of forces that are shaping these changes, and of how young people themselves view their lives.

| Sommario/riassunto | The world is filled with bizarre and fascinating ways to fall ill. A notorious stomach bug turns a suburban dinner party into a disaster that almost claims its host; a diminutive woman routinely eats more than her football-playing boyfriend but continually loses weight; a young executive is diagnosed with lung cancer, yet the tumors seem to wax and wane inexplicably. In these fifteen edge-of-your-seat, real-life |

medical detective stories, practicing physician and award-winning author Jonathan Edlow, shows the doctor as detective and the epidemiologist as elite sleuth in stories that are as gri
