

1.	Record Nr.	UNINA990003297080403321
	Autore	Veronese, Pietro
	Titolo	Africa : reportages / Pietro Veronese
	Pubbl/distr/stampa	Roma, : Editori Laterza, 1999
	ISBN	88-420-5926-9
	Descrizione fisica	179 p.
	Disciplina	960.328
	Locazione	DECGE
	Collocazione	136.001.VER
	Lingua di pubblicazione	Italiano
	Formato	Materiale a stampa
	Livello bibliografico	Monografia
2.	Record Nr.	UNINA9910827815703321
	Titolo	Research methods in conflict settings : a view from below // edited by Dyan Mazurana, Karen Jacobsen, Lacey Andrews Gale [[electronic resource]]
	Pubbl/distr/stampa	Cambridge : , : Cambridge University Press, , 2013
	ISBN	1-139-89181-2 1-107-28987-4 1-107-28931-9 1-107-03810-3
	Edizione	[1st ed.]
	Descrizione fisica	1 online resource (xix, 321 pages) : digital, PDF file(s)
	Classificazione	POL035010
	Disciplina	303.6072
	Soggetti	Social conflict - Research War and society - Research Violence - Research
	Lingua di pubblicazione	Inglese
	Formato	Materiale a stampa
	Livello bibliografico	Monografia

Note generali

Title from publisher's bibliographic system (viewed on 05 Oct 2015).

Nota di contenuto

The other side of the country: filming the human experience of war / Catherine Hebert ; translated from French by Valerie Vanstone -- Negotiating identity, space, and place among Iraqi women refugees in Jordan / Isis Nusair -- Reflections on ethical and practical challenges of conducting research with children in war zones: toward a grounded approach / Michael Wessells -- Researching social life in protracted exile: experiences with Sudanese refugees in Uganda, 1996-2008 / Tania Kaiser -- "I love my soldier": developing responsible and ethically sound research strategies in a militarized society / Catherine Brun -- Power dynamics and the politics of field work under Sudan's prolonged conflicts / Jok Madut Jok -- Reporting the story: thoughts for reporting on violent groups in a turbulent environment / Molly Bingham and Steve Connors -- Establishing a policy research organization in a conflict zone: the case of the Afghanistan Research and Evaluation Unit / Paul Fishstein and Andrew Wilder -- Conducting research in conflict zones: lessons from the African Great Lakes Region / Timothy Longman -- Preparing for research in active conflict zones: practical considerations for personal safety / Dyan Mazurana and Lacey Andrews Gale -- Reflections on the challenges, dilemmas, and rewards of research in conflict zones / Elizabeth Jean Wood.

Sommario/riassunto

Increasing numbers of researchers are working in regions experiencing high levels of conflict or crisis, or among populations that have fled violent conflict to become refugees or internally displaced persons. Understanding these conflicts and their aftermath should be shaped not only by the victors and their elite companions but also by the local people whose daily lives become intertwined with the conflict - this 'view from below' is explored in this volume. Conducting rigorous research in these contexts presents a range of ethical, methodological, logistical and security challenges not usually confronted in non-conflict field contexts. This volume compiles lessons learned by experienced field researchers, many of whom have faced demanding situations characterized by violence, distrust and social fragmentation. The authors offer options for studying the situations of people affected by conflict and, by focusing on ethical and security issues, seek ways to safeguard the interests and integrity of the research 'subjects' and of the researchers and their teams.

3. Record Nr.	UNINA9910299853503321
Titolo	Emotional Engineering (Vol. 3) // edited by Shuichi Fukuda
Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2015
ISBN	3-319-11555-3
Edizione	[1st ed. 2015.]
Descrizione fisica	1 online resource (120 p.)
Disciplina	338926 620 620.0042 745.2
Soggetti	Engineering design Economic policy Industrial design Engineering Design R & D/Technology Policy Industrial Design
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	Age of Subjective Engineering -- Human-Product Communication -- Best Fit Product -- Human Centered Industry -- Kansei information processes in early design: design cognition and computation -- Soft Entrainment: Co-emergence of "Maai" and Entrainment by Rhythm Controller -- Emotion Recognition using Short Time Speech Analysis -- A psychophysiological approach towards understanding emotions.
Sommario/riassunto	This book examines how theories of human emotion can be applied to engineering in order to improve product design and value. 'Emotional Engineering Vol. 3' establishes the idea that customer satisfaction can be maximised by using knowledge and experience in a more flexible manner to respond to a fast-changing world. This integration of emotion and knowledge introduces the reader to the concept of Wisdom Engineering. It also highlights the importance of emotion in creating value for the customer, and how this can be achieved by

acknowledging a customer's creativity and by facilitating the customization of products for their needs and preferences. As has been identified by neuroscientists, emotion and reason are strongly interconnected, and the increasing complexities and diversification found in the products we use demonstrates the growing significance of emotion when designing these products. Society is comprised of humans and artificial products; their integration is important when considering product design, and improving quality-of-life for the customer. 'Emotional Engineering Vol. 3' builds on Dr Fukuda's previous books, 'Emotional Engineering' and 'Emotional Engineering Vol. 2', and is intended for researchers and professionals in engineering, psychology, management of technology, economics.
