Sommario/riassunto

Art, Community and Environment investigates wide-ranging issues raised by the interaction between art practice, community participation, and the environment, both natural and urban. This volume brings together a distinguished group of contributors from the United Kingdom, Australia, and Finland to examine topics such as urban art, community participation, local empowerment and the problems of ownership. Featuring rich illustrations and informative case studies from around the world, Art, Community and Environment addresses the growing interest in this fascinating dimension of art and education

Sommario/riassunto	Connecting Children focuses on children's understandings of care and their views of different family lives. It portrays the lives of children aged

11-12 and shows how families connect children in different ways both in the household but also in their wider kinship networks. The children studied reflect upon family life and especially upon situations where their own family lives change dramatically, such as when parents divorce or are unable to care for them. This book will be of interest to those working in education, social work, child care, counselling, social policy and childh
