Symbolic Interactionism in Social Studies of Science -- 8. Fit for Postmodern Selfhood -- 9. People Are Talking: Conversation Analysis and Symbolic Interaction -- Contributors -- Index
Sommario/riassunto	Symbolic interactionism, resolutely empirical in practice, shares theoretical concerns with cultural studies and humanistic discourse. Recognizing that the humanities have engaged many of the important intellectual currents of the last twenty-five years in ways that sociology has not, the contributors to this volume fully acknowledge that the boundary between the social sciences and the humanities has begun to dissolve. This challenging volume explores that border area.
