Sommario/riassunto	This book provides a comprehensive picture of the recent trends and developments in the Indian finance scenario. It provides the reader with: - A comprehensive description and assessment of the Indian capital markets. - An analytical approach together with a description of major recent developments and the current status of the finance sector. The collection deals with issues like brokerage, security analysis, and underwriting, as well as the legal infrastructure of the markets. It focuses primarily on the Indian stock markets, corporate bond markets and derivatives markets. It also looks at
