Nota di contenuto	Scope and dynamics of violence against women -- Clinical effects associated with victimization -- Clinical characteristics of intimate partner violence offenders -- Clinical responses to women victimized by violence -- Clinical responses to intimate partner violence offenders -- The duties of mental health professionals in cases of intimate partner violence -- The uniqueness of mental health practice in the intimate partner violence domain -- Intimate partner violence: a legal primer for mental health professionals.
Sommario/riassunto	This training manual synthesizes the clinical and research literature on victims, offenders, and child witnesses, and uses the empirical evidence to provide generalist clinicians with manageable, concrete guidance for providing care in these cases. Each chapter begins with a summary of the issues to be covered and an outline of the specific topics to be discussed, and ends with a recap and list of questions for practitioners in training. The authors offer expertise in forensic psychology, victimization, and substance abuse; they discuss the clinical, legal, and ethical complexities that violent

Sommario/riassunto	The first ever account of how the fall of France to the Germans in 1940 affected the lives of ordinary French people. Using eyewitness accounts, Hanna Diamond tells a story of mass exodus, defeat, humiliation, and occupation - opening the way for the triumph of the Vichy regime under Marshal Pétain. - ;Wednesday 12th June 1940. The Times reported 'thousands upon thousands of Parisians leaving the capital by every possible means, preferring to abandon home and property rather than risk even temporary Nazi domination'. As Hitler's victorious armies approached Paris, the French government
