Sommario/riassunto	This volume explores political change in chiefdom's, specifically how complex chiefdom's emerge and collapse, and how this process-called cycling-can be examined using archaeological, ethnohistoric, paleoclimatic, paleosubsistence, and physical anthropological data. The focus for the research is the prehistoric and initial contact-era Mississippian chiefdom's of the Southeastern United States, specifically the societies occupying the Savannah River basin from ca. A.D. 1000 to 1600. This regional focus and the multidisciplinary nature of the investigation provide a solid introduction to
