Nelson Francis -- Jespersen's new international auxiliary language / by Fritz Larsen -- Otto Jespersen's thinking about child language / by Hans Vejleskov.
Sommario/riassunto	This is the first book to give a comprehensive view of the work of Otto Jespersen (1860-1943), the Danish linguist who is perhaps best known for his monumental work A Modern English Grammar on Historical Principles. The articles in this volume show the wide range of Jespersen's interests and discuss the influence of his contribution to the study of language.
